ART IN THE WILD 2023 APPLICATION FORM – PAGE 1 of 2

The following information and acknowledgement(s) are required for a complete application:

This 2-page Application Form (signed and dated) must accompany the other required materials,

- Applications and other required materials may be sent via snail mail or e-mail
- Incomplete applications may not be evaluated

Artist's Name: _____

Street Address: _____

City: _____ State: _____ Zip: _____

Phone: _____ Email: _____

Website (optional): _____

ADDITIONAL INFORMATION REQUIRED FOR K-12 STUDENT APPLICANTS:

K-12 students submitting an application must also provide the below information:

Art Teacher's Name: _____ Email: _____

Art Teacher's Day Telephone: _____ Cell: _____

OR

Parent's/Guardian's Name: _____ Email: _____

Parent's/Guardian's Day Telephone: _____ Cell: _____

Art Teacher or Parent/Guardian signature:

I, _____ (Art Teacher) or _____
(Parent/Guardian), understand the above student is submitting an application for Art In The Wild 2023 and support their submittal. I further confirm that the student has a serious interest in following through with his/her submission for the exhibit and, if chosen to participate, will adhere to the program's rules, procedures and deadlines.

ART IN THE WILD 2023 APPLICATION FORM – PAGE 2 of 2

For your application to be considered complete, please submit the following:

1. Pages 1 and 2 of the Application Form, filled out as required
2. Artist's resume or bio statement
3. One-page-statement describing the proposed installation, including how it addresses the 2023 Art In The Wild theme "The Earth Laughs"
4. Submit graphics portraying the installation
5. Select three preferred site choices (walk the trail and choose your site). If the artist does not choose preferred sites, a site selection will be made by the Committee.
First Choice Site _____, Second Choice Site _____, Third Choice Site _____
6. Examples of prior work (preferably outdoor, environmental art) by the artist are encouraged.

Please remember that small objects are easily overpowered by the large scale of the outdoors.

Plants and vines overtake delicate and small installations, especially on the ground, requiring more ongoing maintenance and resulting in poor visibility of the artwork.

To best describe your installation, please give the overall scale and dimensions of your work. An example: *"My installation will cover an area approximately 11' x 15' and includes six separate pieces each being approximately 2' x 3' made of branches 2" – 4" in diameter. The pieces will be suspended approximately 7' above the ground, suspended from 4 different branches."*

Application materials must be submitted to the Exhibit Contact via email, in-person, or **POSTMARKED** no later than Friday, January 20, 2023.

Richelle Corty, Environmental Educator
Wildwood Park

7. Sign and Date:

I, _____ (print name), understand that my application for participation in the Art In The Wild 2023 project is voluntary and undertaken at my own risk. I agree to comply with all exhibit rules, procedures and deadlines. I further understand that all submitted application materials including, but not limited to photographs, drawings and written materials, may be used for publicity purposes.

_____ (signature and date)

EXHIBIT MISSION:

- Present quality art using mostly natural materials
- Provide public educational opportunities
- Involve the community

ELIGIBILITY:

The exhibit is open to any interested person or group wishing to submit an application, including professionals, non-professionals, schools, students, naturalists, artists, designers, etc. Employees of Dauphin County (and their immediate relatives) and members of the exhibit organizing and evaluation committees (and their immediate relatives) are not eligible to participate.

INFORMATION ABOUT LOCATION:

Wildwood Park is located on the outskirts of downtown Harrisburg. Owned and operated by Dauphin County, the Park attracts over 115,000 people annually. Its 229 acres include a Nature Center, 90-acre freshwater wetland and a popular three-mile loop trail which encircles the Park. The Art In The Wild installations are located on sites along this trail.

**ART IN THE WILD 2023
SCHEDULE**

6.

Project Announcement	Saturday, October 1, 2022
Identification of Available Sites	by Saturday, November 5, 2022
Application Submittal Deadline (postmarked)	Friday, January 20, 2023
Notice of Accepted Applications	early February 2023
Mandatory Pre-Installation Meeting, 1-2:30 pm	Saturday, March 4, 2023
Artists may start installing art	Saturday, March 4, 2023
Art Installation Completion	Monday, March 27, 2023
Video filming by CASA	March 27-30, 2023
Review of art installations by Guest Evaluator	late March 2023
Artists' Reception	Friday, March 31, 2023
Opening Day/Meet the Artists	Sunday, April 2, 2023
Exhibit runs from	April 2 through September 30, 2023
Artwork Removal Deadline!	Sunday, October 15, 2023

SELECTION PROCESS:

A review committee will evaluate all applications and select those for installation based on:

1. The artist's stated compliance with all exhibit rules, requirements, procedures and scheduling;
2. Evidence in the artist's statement and graphic submittals that their artwork will address the project goals; and
3. The durability of the artwork to withstand **6 months of outdoor exposure** at the Wildwood Park site.

The review committee retains the right to reject any application or installation at any time during the exhibit that is determined to have a negative impact on the park and its use, or that is deemed unsuitable or unsafe.

RULES

NATURE OF ARTWORK:

Artwork that includes/suggests any offensive materials, attitudes or connotations in the opinion of the committee is not acceptable, regardless of artist intent. If such artwork is installed, it will be removed.

Integration of the artwork within the landscape (site) will be a key factor in the success of the art installation.

The artwork must speak for itself. Instructions, explanations, titles or other descriptive signage should not be included as part of the installation. Any such signage that is installed will be removed. Small, numbered identification signs will be installed by the committee prior to the opening.

The overall size of the installation may not exceed 50 feet x 50 feet.

SITE SELECTION:

Approximately 30 land sites will be identified for artwork installation along Wildwood Way Trail. Additionally, water sites are available on a case by case basis along the Towpath Trail. The identified sites will be available for review by interested artists by November 5, 2022. Walk the trail and select your top three sites.

The sites will be marked with a numbered sign. A map identifying the site locations will be available at the Nature Center (the center is open 10:00am – 4:00pm and closed on Mondays). This map will also be available online within the 'Art In The Wild' section of the Wildwood Park website. Questions should be e-mailed to the Exhibit Contact, Richelle Corty.

Honoring each artist's requested priority site to its best ability, the committee will assign each artist a specific site for their installation. Sites with multiple requests will be assigned on a first come first served basis. If sites are not identified in the artist proposal, they will be assigned by the committee.

MANDATORY PRE-INSTALLATION MEETING:

The selected artists are required to attend a pre-installation meeting that will be held Saturday, March 4, 2023, from 1:00 to 2:30 pm, at Wildwood's Olewine Nature Center. Final information concerning site assignments, installation procedures, waivers, scheduling and other details will be presented and discussed.

MATERIALS:

The artwork installations must consist of **predominantly natural materials** and the use of color is encouraged. Artists are encouraged to incorporate live, existing trees, vines, shrubs, etc., that are already a part of their site into their design, however, this plant material may not be cut for use.

Instead, park "debris pile" materials resulting from ongoing Wildwood Park site maintenance activities are available for use by participating artists on a first-come first-served basis. Such materials include logs, vines, branches, herbaceous materials, etc. The Exhibit Contact will provide directions to the debris pile.

The use of artificial flora (flowers, leaves, etc.) is prohibited and the use of pre-manufactured elements (toys, amulets, etc.) is discouraged. The use of water-soluble materials (plaster, unfired clay, etc.) - even if treated with sealers - is prohibited as these types of materials have shown not to hold up to outdoor exposure. Remember, the installations must be able to withstand six months of outdoor exposure.

The use of any seeds, seed heads, or the transporting of live plants into the park, is prohibited unless approved by the Exhibit Contact, Richelle Corty. Invasive plant materials of any kind are strictly prohibited.

CONSTRUCTION/REMOVAL:

The artist is responsible for all artwork delivery, assembly, installation, removal, shipping and site restoration and assumes the costs related thereto.

MAINTENANCE:

It is the responsibility of the respective artist to maintain their installation throughout the duration of the exhibit so that the installation is clearly visible. The Exhibit Contact will notify artists about any required maintenance. If an artist fails to adequately maintain their installation, the artwork, at the discretion of the Exhibit Contact and Committee, may be removed from the exhibit.

INSTALLATION REVIEW/LIABILITY

INSTALLATION REVIEW:

The installations will be reviewed by a professional artist Guest Evaluator. The results of this review will be shared with all the artists at the March 31st Artist's Reception. All 2023 Art In The Wild artists will receive a monetary award in appreciation for their participation. Identification of first, second, third and honorable mention standings will be made at the discretion of the Guest Evaluator.

In addition, the People's choice awards provide the visiting public an opportunity to vote for their favorite installation. The results of the People's Choice voting will be presented at Celebrate Wildwood on Saturday, September 23, 2023. People's Choice voting will **only** be available online for 2023.

LIABILITY:

The artists are responsible for the funding, installation, insurance, maintenance, and **timely removal of their respective art installations**. Neither Wildwood Park nor Dauphin County provides for insurance or liability coverage. Artists submit their work and participate in Art In The Wild 2023 at their own risk.

SALES/PUBLICITY

SALES:

Artists may sell their work during the exhibit period, but the work must remain on site for the duration of the exhibit. Artists agree that in the event of the sale of their work during the exhibit, a contribution in the amount of 20% of the sale price will be made to the Friends of Wildwood.

PUBLICITY:

All official publicity for the Art In The Wild Exhibit including, but not limited to press releases, brochures, flyers, etc., will be handled by the Exhibit Sponsor. Artists accepted into the exhibit are encouraged to attend three promotional events during the year: Meet the Artists; Sunday, April 2, 2023, Wetlands Festival; Saturday, April 29, 2023, and Celebrate Wildwood; Saturday, September 23, 2023.
